JavaScript	Flask
Heroku	CSS
Git / GitHub	HTML

PROJECTS

Recipe Website

A website developed to find recipes. Used **Flask Framework** and **Spoonacular API**.

Lawyer Finder

Platform developed using **Django Framework** to find advocates near the user. Contains features such as appointments scheduler, personal messaging and message broadcasting.

Tweet Scheduler

App developed in **Python** along with **Twitter API** used to schedule tweets.

Personal Portfolio

Built using **HTML**, **JavaScript** and used **Bootstrap** along with custom **CSS** for styling.

LANGUAGES

English	Hindi	Marathi
